Cafe Code, Salad Mode
PERFECTLY positioned on Jalan Pantai Berawa in Canggu is the newly discovered Café Canggu. They're doing their thing out of a perfectly easy breezy jogglo, where you can park yourself on any one of their hidden tables or cub-nooked corners and indulge in a healthy array of mostly organic meals. Favorites would have to include their Daily Fresh Bowl of Salad, which allows indecisive salad lovers to choose not one but three salads to go in their bowl. They've got Waldorf, Greek, Chickpea, Potato, Pasta, Tuna and a whole lot more, topped off with a slice of tasty bread which you can lavish in oil and wash down with a healthy freshly made juice called a Pick Me Up, or Power Lifter, or Super Anti-oxidant. For the image conscious there is even a juice called "Clear Skin". But, if all this is starting to sound just a tad too healthy – you'd better get there for breakfast, they do a delicious plate they've aptly named "The English" for it offers eggs, bacon, grilled tomatoes, sausages, hash browns and...well, we think you get the picture.
